

*Feeling isolated in your practice?  
Do you want to make a social contribution to your local area?  
Or have a chance to re-focus and re-energise your work over the Summer?*

# make *shift*

*Sign up for a **FREE** personalised artist employment programme this Summer, aimed at underemployed or unemployed artists wishing to develop or extend their practice into street arts and creating community celebrations - 2012 and beyond*

Choose your own selection from training in community engagement; creative production + event management; design and costume making for outdoor performance in various media; carnival choreography and street music production; digital marketing, creating an on-line portfolio

**one-to-one mentoring and career advice with routes into further specialised arts training or self-employment pathways**
